VIII. Present and Continuing Business

Proposed changes to Policy Manual (Daniela)

ITEM 1: Rewording **Article 2. Purpose** to better align purpose description to the name of the Society.

Current wording:

The purpose of the Society is to develop and advance the study of Motor Behavior (development, learning, and control) and Sport and Exercise Psychology.

Suggested rewording:

The purpose of the Society is to develop and advance the study of human movement and physical activity through the fields of Motor Learning/Control/Development and Sport and Exercise Psychology.

ITEM 2: Addition of a sentence in Article 10. Election of Officers, part 10.3 on Student Representative Nominations, to avoid conflicts of interests in the nomination process.

If more than two candidates have been nominated:

A Student Nominations Committee will be assembled, consisting of three graduate students, one appointed by each the President, President-Elect, and Past-President. Members of the Student Nominations Committee cannot be from the same institution as any of the candidates. All nominations will be considered by the Student Nominations Committee, which will then determine a slate of two candidates for the position. The Student Nominations Committee will indicate their selections to the current Student Representative. The current Student Representative will present the slate of candidates to the Communication Director for posting on-line in preparation for an on-line election.

IX. Memorials

In accordance with our memorials policy that we shared with you last year, at this time we'd like to remember current or former NASPSPA members who have passed away since our last meeting. Thank you to Mo and Daniela for taking the lead on this effort. Each person will be remembered individually to be followed by a moment of silence for all.

IN MEMORIAM

XI. Future Conferences

IMPORTANT!!

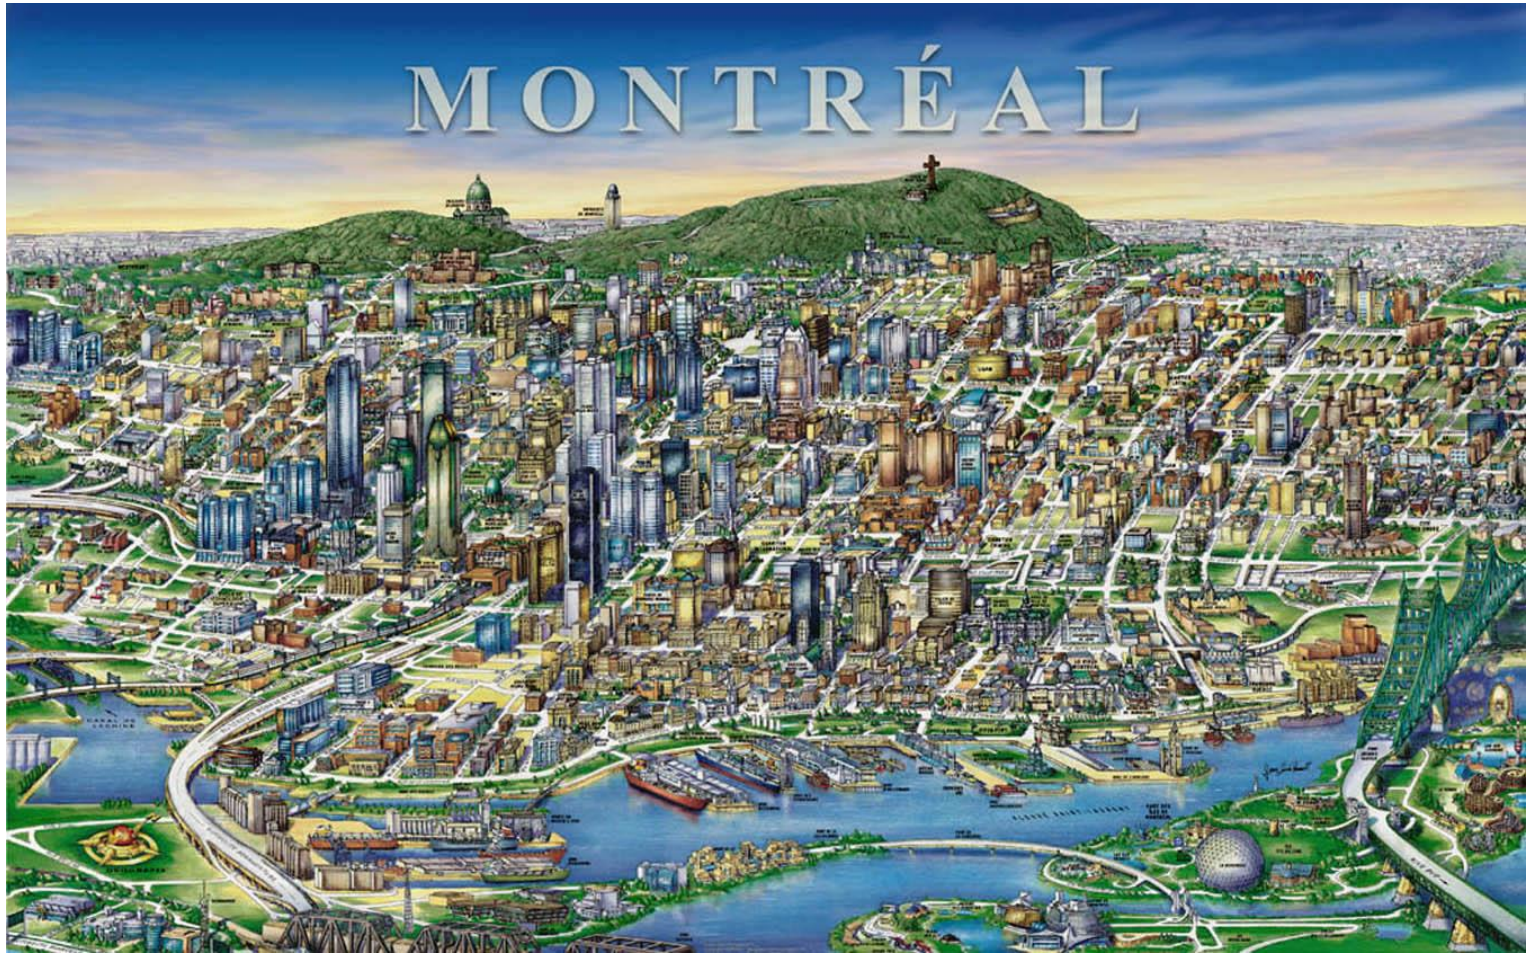

- This year was a record year for submissions:
SEP: 335 MLC: 195 MD: 135
- Points:
 - A small group reviews abstracts and creates the program
 - We have a shorter turn around time than most conferences
 - Recognize that one day our submission date may change to an earlier date
 - Consider submitting early
- Due date for abstracts: January 16, 2017
- Due date for submissions for Outstanding Student Paper (2 weeks post): January 30, 2017
